

Our Core Values

We're dedicated to exceeding customer expectations by offering **exceptional solutions** for metal fabrication, project installation, and industrial maintenance—and we do this by remaining committed to our company's core values:

PROFESSIONAL

We respect you and your business.

VALUABLE

Your vision and satisfaction matter to us.

SAFE & RELIABLE

We don't cut corners. Day or night, we're here for you.

TOUGH

No job is too difficult for us.

We strive to live up to these values daily; they are the foundation of every job we perform.

No job is too big,
small, tough,
or dirty.

About

Warsaw Engineering and Fabricating, Inc. (WEFab) began in 1985 and is a family-owned business in northeast Indiana.

Co-founders *Don Bice* and *Jim Weaver* saw a need for custom metal fabricating that combined **experienced metalworking** with **seasoned engineering and design**—and they filled it.

For more than three decades, WEFab has assembled a team of craftsmen dedicated to **quality and performance**. No job is too big, small, dirty, or complex. Whether it's working in the middle of the night to repair vital equipment, solving custom fabrication challenges, or providing a much-needed extra hand, we're committed to investing in skilled employees and state-of-the-art equipment to ensure **successful completion** of whatever job comes our way.

Services

1 Industrial Maintenance

Your needs are unique to your business—and our maintenance team **works around the clock** to meet them. Whether it's welding, general equipment installation, relocation, or rebuilding, we have you covered. Our skilled team will help you get back to your day-to-day operations as quickly as possible.

2 Contract Services

Emergency maintenance needs can come out of nowhere—which makes preventative measures even more important. When you utilize our contract services, we'll have skilled tradesmen on-site at your facility to

**Trained, reliable,
and available.**

manage regular maintenance, general repairs, and other jobs you don't have time for. Whether you need someone for one hour per week or 40 hours, our support team will be ready for you.

3 Fab & Deliver

Using the latest technologies and maintaining a diverse group of experienced tradesmen and craftsmen allows us to **think outside the box** and **solve your most complicated fabrication and equipment challenges**. With more than 40,000 square feet of manufacturing space and a full line of material-cutting capabilities, the possibilities are endless. We offer stainless steel, aluminum, and steel fabrication to meet custom needs.
